Compatible with Miele GP DC 001 C

Thanks for your support on KONZITION.

Replacement Instructions

Descaling Cartridge

01

Open up the door and remove the tray right.

02

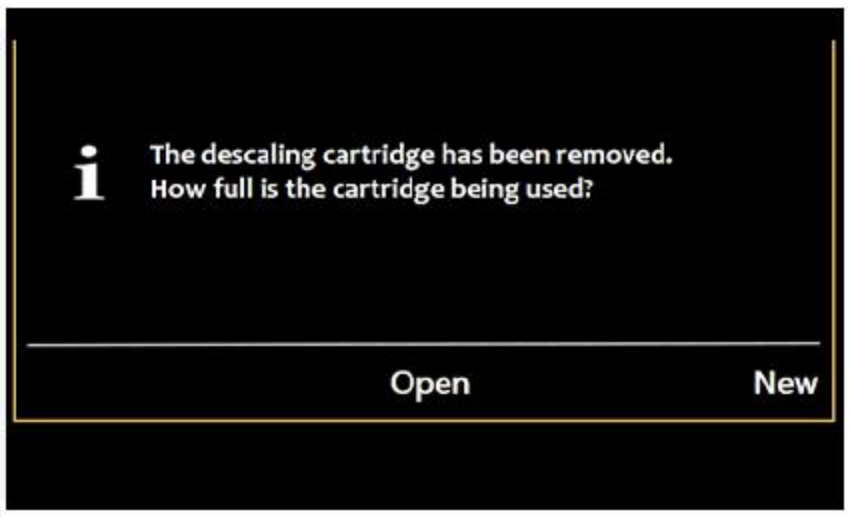
Locate the yellow lever on the tray, then pull it out to release the old cartridge.

03

one hand continues pushing the cartridge upward, while the other hand presses the yellow lever to lock it in place.

04

Close the access door after the cartridge is securely locked. On the coffee machine’s display panel, select the "New" option to complete the setup.



Frequently Asked Questions

Descaling Cartridge

Q: Is this cartridge compatible with my Miele coffee machine?
Compatible with Miele CM75XX, CM77XX, and CVA78XX series models that use the GP DC 001 C cartridge. Please verify compatibility before installation.

Q: What should I do if the cartridge does not fit?
Check the cartridge's orientation and follow your coffee machine's installation instructions. Make sure it is properly aligned and do not force it into place.

Q: Why is my coffee machine not recognizing the cartridge?
Remove and reinstall the cartridge according to your machine's instructions. Ensure it is properly seated. If the issue persists, contact our customer support team.

Q: What should I do if my coffee machine keeps rinsing?
After installing a new cartridge, the machine may intermittently fill it with water. If rinsing continues repeatedly without completing, please contact our customer support team.

Q: What should I do if the cartridge leaks or arrives damaged?
Stop using the cartridge and check for visible damage. If you notice any issues, contact our customer support team for assistance.
