

1. Shut off power before installation.
2. Fix the mounting strap to ceiling.
3. Install light arms with wires to the mounting plate, fixing with washers and nuts. Then, connect wires to wires matching the color.
4. Connect the main wire to the corresponding wire bundles with wire connectors.
5. Attach metal bowl, wood bowl and centre body to the mounting plate and fix with finial and nut respectively. Then, feed the main wire through centre column and screw centre column to the mounting plate.
6. Feed main wire through the chain connectors, chain, and canopy. Screw the bottom chain connector onto the centre column.
7. Connect wires with wire connectors to the corresponding wires in ceiling.
8. Attach canopy to mounting strap and screw the top chain connector onto the mounting rod, fixing the lock nut.
9. Hang the wood bead strings and droplets (A, B, C) onto the light fixture according to the diagram.
10. Install sleeves and light bulbs(not included with the light fixture) and turn on the power.
